

**2A Blackford Avenue EH9 2ET**

**Enforcement Request EADV – Unauthorised advertisement in a conservation area**

**ENFORCEMENT REQUEST from Grange Association**

**24 September 2021**

Signage has been added to a large gate in the Grange Conservation Area at 2A Blackford Avenue, advertising a commercial business in Morningside. There is no record of an application for advertising consent. The signage can be seen at:

[https://grangeassociation.org/wp-content/uploads/2021/09/20210730\\_111927\\_sm.jpg](https://grangeassociation.org/wp-content/uploads/2021/09/20210730_111927_sm.jpg)

Please create an EADV enforcement request and ask the owner to remove the signage. We have already contacted the owner to make this request. He can be contacted at:

We acknowledge that it may be necessary to have modest signage on the gate to identify the premises for deliveries but the present signage is much larger than is required for that purpose and is evidently a commercial advertisement.

Please note that we are separately requesting Enforcement of a breach of planning control concerning the width of the gate, as a ENCOMP request. Please document and assess these enforcement requests separately.
