

**2A Blackford Avenue EH9 2ET
Enforcement Request ENCOMP – Non-compliance with approved drawings**

**ENFORCEMENT REQUEST from Grange Association
24 September 2021**

A gate has been installed at 2A Blackford Avenue in the Grange Conservation Area that is much wider than the gate for which planning permission was granted. Planning application [21/01636/FUL](#) granted permission for a gate 3.03m wide (see the dimension on drawing 02). The gate that has been installed is about 5.9m wide. This can be seen at:

https://grangeassociation.org/wp-content/uploads/2021/09/20210730_111927_sm.jpg

Please create an ENCOMP enforcement request and ask the owner either to replace the gate with one compliant with the planning approval, or else to apply for a variation to that approval. We have already contacted the owner to make this request. He can be contacted at:

Please note that we are separately requesting Enforcement of a breach of planning control concerning unauthorised advertising on the gate, as a EADV request. Please document and assess these enforcement requests separately.
