Dear Ruthe,

With reference to the weeping willow in this notification.

The tree is virtually invisible from the street in Dick Place, but I feel I should draw your attention to the tree as a feature seen from the Grange cemetery. Although it isn't tall it's quite conspicuous, and particularly attractive at this time of year, when looking eastwards from the southern end of the central N-S avenue. It stands out partly because there are no larger trees nearby.

So it would be a pity to see it cut back in a such a way as to disfigure it.

I hope you will have the chance to look at it from the cemetery side before making a decision.

Regards,

P.P.

Peter Pitkin, on behalf of the Grange Association.
